Catalogue Modellist

2012

Be fascinated by our new 2012 catalogue!

Get ready for what awaits you: a whole range of useful, beautiful, perfect products for everything to do with motorbikes.

Everything is specially designed and made with great craftsmanship.

And at Hepco & Becker you won't only find accessories for current models, but also for „old treasures“! We have yet again succeeded in finding the right balance between variety, price and delivery time.

We have managed to be successful for over three and a half decades thanks to our buying decisions. Our philosophy of incorporating our everyday experiences into the products with lots of improvements and modifications has led to extremely high quality. At the same time we develop customised accessories for new motorbikes using expertise and great commitment.

Prepare to be amazed!

If you would like to know more then go to our website www.hepco-becker.de.

There you can find more news and information about your motorbike.

We would also be delighted to welcome you as a customer in future. In this spirit we wish you an adventurous and accident-free season!

„Lock it is the name of the luggage system made by Hepco & Becker. The highlight: the bulky hinge for fixing the case can be removed or refitted in a second thanks to the three bayonet locks on each side. Apart from the top case carrier and inconspicuous adapters there is nothing else to spoil the look on a luggage-free trip. The finish and durability of parts is also impressive“.

LOCK IT SYSTEM

Side carrier - removable in 3 minutes

- Bespoke design for each bike
- Sturdy and elegant design, precise manufacturing tolerances, easy assembly
- Quality German steel tubing with high-quality metal coating available in black, silver or chrome finish

It's so easy:
1. Loosen the lower Lock-it screw

2. Loosen the upper Lock-it screw

3. Remove the complete rack

THE COMPANY

It's all about ideas. For more than three decades.

A problem familiar to all motorbike riders of the time led to the company's foundation in 1975.

The service life of the exposed drive chain on every motorbike was curtailed as a result of dirt, dust and water getting into the individual chain links. This idea formed the basis of the company's success during its early years.

The start of the nineteen eighties saw Hepco & Becker develop and design luggage racks and cases - entering a new market segment for luggage carriers especially designed and custom made for each individual bike model.

Today, more than 650 motorbike models can be equipped with Hepco & Becker carriers and racks.

Over the years, the product portfolio has been extended to include numerous useful items for motorbike riders.

In addition to wide range of luggage systems made of various materials, Hepco & Becker now also develops and manufactures high-quality cruiser parts, tank and engine guards, centre stands and numerous other useful components.

Our extensive sales system, short delivery times, spare parts supply backed up by personal, flexible service are always a given at Hepco & Becker.

With sales partners in over 35 countries, Hepco & Becker is pursuing a consistent strategy of internationalisation.

You too can rely on products by Hepco & Becker.

SERVICE

If you cannot find your model in our catalogue, then please check the model application list (which is attached to the catalogue). If you have a brand new model, you can find the most current overviews on our web site!

The "My Motorbike" button allows you to search for your model's product range. Still not found?

Well, whether it is a classic" or more contemporary model, we certainly may still be able to help you as we have a product range spanning more than 25 years.

For further information please contact our importers directly (for more details see our web page) or send an e-mail to us.

Developing and producing accessories for motorcycles is our passion. Whether you need an individual screw, a trim or an emblem: for each Hepco & Becker case, all parts will be available in years to come.

If something on your cases or rack gets damaged or you've lost a key, we'll supply the part required.

To find out which components are actually available for your bike, please refer to the model application list, our website or contact us.

Crash pads

In this overview you find the special bike mounting kits and the Crash pads separate.
Please notice, to receive a complete kit it is necessary to order both parts, kit and crash pad.

Specific notes / information

General information

Maximum load should not exceed 5 kg.

All side- or complete carriers are designed for the OEM exhaust system.

Specific notes

E	Recommended cases: Junior-Enduro Set	47	rear rack for topcase use; OEM sissybar needs to be taken off
2	Cases Junior, Journey as well as aluminium cases limit the legroom of the pillion rider	48	for models with cast wheels
5	Recommended cases: Junior 30, Aluminium-Exclusiv 30, Aluminium-Standard 38, Xplorer 30.	49	for models with spokewheels
7	The original indicator lights cannot be used. The same indicator lights as at the front can be used. These indicator lights are identical with those for CB 750/900F.	50	for models with OEM sissybar
8	Complete carrier. The original holder/rack must be removed.	51	for models with dual shock absorbers
10	Please indicate year of construction when placing your order.	52	for models with mono shock absorbers
11	The rack is mounted additionally on the original rear rack. The Hepco & Becker topcases which are equipped with a quick-lock release can be fastened on this carrier.	53	for models with double exhaust
12	Recommended cases: Junior 30, Junior 40 or Journey 42.	54	for models with 4 in 1 exhaust
14	Varying luggage frames on the left side for chain and belt drive.	55	for models with OEM aluminium sissybar
15	The original seat interlocking device must be removed. An alternative fastening device is part of the fitting kit.	56	side carrier
16	The item rear rack is designed as a mini rack. Only topcases with universal pallet can be mounted.	57	desert tested
17	Topcases TC 40 S, Journey TC, Junior TC 40/45 S, Aluminium TC 30 S, Xplorer 45, Alu-TC Standard and Alu-TC 45 S cannot be mounted because otherwise the rear indicator lights will be hidden.	58	for models with small tank
18	For models with plastic humps behind the seat.	59	for models with Sebring exhaust
19	For models without plastic humps behind the seat.	60	in combination with OEM side carrier
20	For models with twin shock suspension.	61	only in combination with OEM sissybar
21	For models with central/mono shock suspension.	62	symmetric side carrier for models with 2 in 2 exhaust
22	When mounting the rack the rear indicator lights cannot be used. New indicator lights are part of the kit.	63	topcaserack for OEM rear rack bauletto
23	The complete carrier is designed for the standard exhaust height.	64	rear rack not combineable with OEM BMW rear rack
24	The indicator lights remain in their original position.	65	rear rack instead of pillion seat
25	Carrier fits for solo and dual seats.	66	combination Gobi sidecase with Gobi topcase not possible
26	If necessary the exhaust silencer must be placed in a lower position.	67	rear rack for single seat; for topcase use
27	The single rear rack cannot be combined with the luggage/side frames.	68	only in combination with OEM BMW side carrier mountable
31	Please indicate the rack model number (650.-).	69	combineable with OEM side cases
32	Please indicate the rack model number (650.-) and side (left or right).	70	side carrier only in combination with rear rack mountable
33	Carrier only suitable for solo seat.	71	for models with singlearm link
34	Please indicate key number.	72	for models with doublearm link
35	Please indicate key number and side/position of the lock.	73	sissybar combinable with H&B leatherbag holder
36	Please indicate the case or the top case model.	74	sissybar combineable with H&B side carrier
37	Aluminium cases and Junior cases cannot be combined with aluminium TC 45, Junior TC 45, Journey TC 50.	75	sissybar combineable with OEM side carrier
39	Please confirm if side frames or a rear rack of Hepco & Becker is already mounted!	76	for models with double (2 person) seat
40	Side frames/pannier frames can only be mounted in combination with H&B rear rack	77	for models of 1991 and 1992
41	in combination with sidecases only Journey TC 30 and 40 can be used	78	OEM style
42	please mention if your bike has a backrest	79	can only be mounted in conjunction with H&B engine guard
43	rear rack not for topcase use; may be combined with OEM	80	for models with dual headlight
44	single side carrier	81	twinlight kit for models with windshield
45	for models without OEM Honda rear rack	82	single seat only
46	indicator lights included	83	not combineable with OEM side carrier
		84	mounted instead of the original rear rack
		85	Model 08/09 with welded on footrestbracket
		86	Alu Standard topcase not possible
		87	Rear rack only in connection with top cases with universal adapter plate (610.089/610.087/610.206)
		88	The item rear rack is designed as a mini rack. No topcases can be mounted.
		89	Gobi side case cannot be combined with Gobi top case
		90	cannot be combined with original Yamaha engine guard. Adapter kit 700007408 available
		91	Combination Xplorer side case with Xplorer top case: side case cannot be opened
