### **Mirrors**

Designed to reflect your style. Made from billet aluminum and glass molded together to achieve the perfect aerodynamics.

### **4D**

## **Aerodynamic curves**

The 4D mirror is CE-homologated and features special convex, anti-glare, aspherical glass. This last aspect provides more comfortable peripheral vision. Made entirely from billet aluminum, the special 3D machining process gives it aerodynamic lift to maximize stability. The result of innovative technical choices, this new mirror combines a mixture of soft and bold lines with refined, multi-faceted machining.

# RADIAL Shaped by the wind

The RADIAL offers sinuous, minimalist design. The surface finish highlights its profile, while aerodynamic shaping reduces turbulence at speed. Made entirely of billet aluminum using 3D precision machining and anti-glare e aspherical glass, provides wider peripheral vision and ensures, together with the adjustment system, maximum versatility and comfort.

### **RADIAL**

# **ONE Circular Perfection**

The mirror ONE has simple and decisive rounded lines at the same time. Furthermore, its impeccable finish enhances aesethetic quality. Styling is classic, giving the mirror a timelss character. A large reflective surface area and convex anti-glare glass, compliant with European homologation standards, ensure an optimal field of view.

### ONE

# **VELOCE Sport Soul**

The VELOCE mirror exclusively combines two different materials; a billet aluminum body (obtained by 3D precision machining) and an aerodynamic polymer shell. Besides making it more eye-catching, the use of two different materials make it lighter. Aerodynamic shaping helps prevent turbulence at speed. A large reflective surface area (which complies with European homologation standards) ensures, along with the adjustment system and convex anti-glare glass, an optimal field of view. Its eye-catching design adapts perfectly to even the most dynamic supersport models.

### **VELOCE L**

# **CIRCUIT 744 Unmistakable Choice**

The CIRCUIT 744 mirror is made from billet aluminum. Fully adjustable and featuring anti-glare glass, it ensures optimal comfort whatever the riding style.

ANTIGLARE GLASS | MACHINED FROM BILLET ALUMINIUM | 3D MACHINING | SMALL DIMENSIONS

## TOMOK Iconic Style

The TOMOK mirror is made from billet aluminum, and its profile is highlighted by exclusive 3D machining. Compact, with iconic design, its adjustment system and anti-glare glass guarantee optimal versatility and comfort.

ANTIGLARE GLASS | MACHINED FROM BILLET ALUMINIUM | 3D MACHINING | SMALL DIMENSIONS | ICONIC STYLE

### ТОМОК

# **DYNAMIC**Simple Dynamism

The DYNAMIC mirror, with its simple lines, has been designed to adapt to different styles and add character and flair to any motorcycle. Offering a unique, clean design, its adjustment system and antiglare glass guarantee optimal versatility and visual clarity. Available in three variants.

CONVEX AND ANTIGLARE GLASS | MACHINED FROM BILLET ALUMINIUM | 3D MACHINING | SMALL DIMENSIONS

### **DYNAMIC**

# **ECCENTRICO Modern Classic**

The ECCENTRICO mirror is made from billet aluminum. Its adjustment center is eccentric to the axis of the mirror in order to extend the possible adjustments.

### **ECCENTRICO**

# REVERSE RETRO Pure Harmony

The REVERSE RETRO mirror is made from billet aluminum; with it a more compact, unmistakable design. Featuring a classic, timeless look, its simple lines and handlebar mount make it both a sought-after aethetic and suitable for a range of styles. The adjustment system and anti-glare glass guarantee optimal versatility and comfort. Available in two variants.

CONVEX AND ANTIGLARE GLASS | MACHINED FROM BILLET ALUMINIUM | 3D MACHINING | SMALL DIMENSIONS

### **REVERSE RETRO**

# SPY-ARM The Shortest Way to Perfection

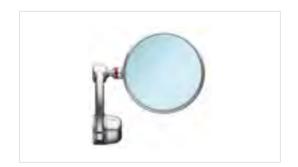

The SPY-ARM is made from billet aluminum using 3D precision machining. Convex anti-glare glass improves the field of view, while the stem has a uniquely eye-catching shape. SPY-ARM comes in two sizes: 80 mm diameter for more compact applications, and a 94.5 mm diameter for the CE-homologated version. Its adjustment system is designed to provide maximum versatility.

### **SPY-R**

### The Shortest Way to Perfection

The SPY-R mirror is made from billet aluminum using 3D precision machining. Its unmistakable design and convex anti-glare mirror help widen the field of view. This product sets a new standard in mirror design while elevating the aesthetics. What's more, its adjustment system has been designed to maximize versatility. SPY-R is available in three sizes and two colors: 57 mm and 80 mm diameter for a more compact version, and 94.5 mm diameter for the CE-homologated version.

### **SPY-R**

# SPIRIT RS Classic essence

The SPIRIT RS mirror is made from billet aluminum using 3D precision machining. Modern lines have been used to update classic styling and make the overall design more dynamic. The stem shape gives the design an organic touch. Its anti-glare glass and adjustment system guarantee versatility and comfort. Complies with European homologation standards.

E-HOMOLOGATION | CONVEX AND ANTIGLARE GLASS | MACHINED FROM BILLET ALUMINIUM | 3D MACHINING MODERN LINES FOR A CLASSIC STYLE

### **SPIRIT RS**

# **LUNAR Born to impress**

Lunar is born from the clean cut of a pure shape - the circle. Characterized by a chromatic contrast given by the machining process; the text and sides shine in their natural brilliance through matte black anodized aluminum.

<sup>1</sup> Required FR300B.

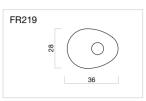

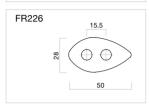

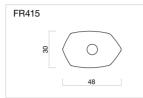

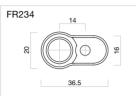

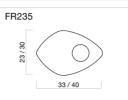

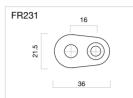

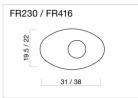

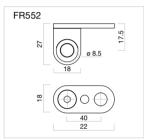

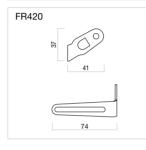

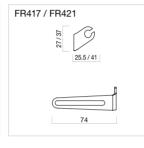

All the components of FR244 mounting kit are made of technopolymer: this synthetic material is very ductile and therefore removing the upper fork tube from the top plate is not required for assembly.

All the components of FR228 mounting kit are made of technopolymer: this synthetic material is very ductile and therefore removing the upper fork tube from the top plate is not required for assembly.

#### WIRING KIT

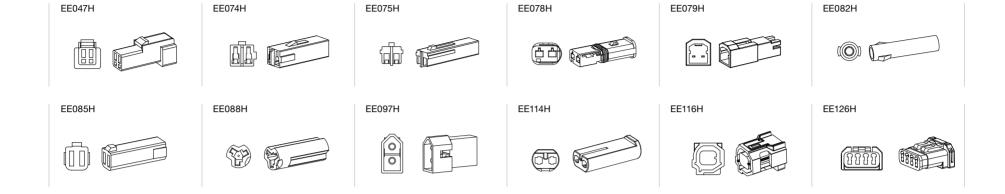

The cable kit is required for mounting. In the table below there are the most common bike models. In each case, before ordening, please, check the technical drawings.

<sup>1</sup> Kit Adattatore per frecce RIZOMA su porta targa OEM.
 <sup>2</sup> Eccetto TRIUMPH® BONNEVILLE, THRUXTON, SCRAMBLER.

#### Resistors Kit

| Code   | Resistor  |  |
|--------|-----------|--|
| EE149H | 3W - 38 Ω |  |

Rizoma indicators come standard with a pair of resistors.

To avoid errors in bikes equipped with a control indicator on the dashboard, we recommend installation of the resistance kits EE149H (3 W - 38  $\Omega$ )

#### Electronic Signal Flasher kit

Code EE031H

Our technicians recommend the replacement of the original (OEM) relay with our EE031 in correspondence of the mounting of Rizoma indicators when four indicators are replaced. This will maintain the correct flash rate as the original system albeit with different Wattage. Use of the EE031 eliminates the need to use individual resistors.

EE140B

The kit includes 25,4 - 30 mm diameter mounting clamps and two supports for plane surface too.

Light dimensions: Ø 54 mm, depth 65 mm. (13.2V - 6.8W) – White light color.

The kit includes, wires and the switch botton to be fixed to the handlebars that easily allow to turn on and off the lights.

Rear Light Cafè Racer Style

 $\bigcirc$ 

EE125B

## DYNAMIC BRAKE LIGHT SENSOR

 $The Rizoma \ Dynamic \ Brake \ Light \ Sensor \ DBL001H, is an accelerometer, which aims to inform the rider that follows, through a intermittent signal, the bike that precedes it is under sudden deceleration.$ 

The DBL001H is connected to the rear light of the bike or to our three functions indicators (position, indicator, stop): FR155, FR165, FR165, FR115.

The functionality of the Dynamic Brake Light Sensor is activated by a sudden braking: the stop light illuminates intermittently with a frequency of 4 Hz (4 flashes per second). The flashing continues during the braking phase for 4.5 seconds before to come back to normal rear light.

DBL001H

**Proguard System®** 

High speed security.
Designed for MotoGP, available for everyone. Not to think of anything but the road.

<sup>&</sup>lt;sup>1</sup> Tail unit included.

<sup>&</sup>lt;sup>2</sup> Rear Light Included.

OEM indicator light brackets included.
 The Rizoma License Plate Support PT317B contains only the USA plate holder.

Compatible with side bags.
 Cable Kit EE109-01 for marker lights FR155 included.
 For conformity to EURO 4 legislation, lateral reflector kit EE400H is required.
 Attention, to mount the PT665 it's required to remove the rear OEM fender.

#### LICENSE PLATE SUPPORT

**USA VERSION** Each kit includes a USA size plate holder.

#### Universal license plate support

| Type      |        |
|-----------|--------|
| Universal | PT061B |

The universal license plate holder offers the outstanding performance of all RIZOMA products. With its adjustable mounting plates, it is easy to mount to a wide range of makes and models.

With a range of angle and extension adjustment, it is equipped with a reflector and the latest SMD LED lights, for full compliance with European legal requirements.

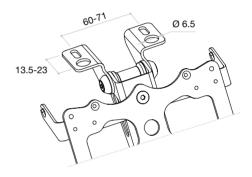

Our license plate support kit includes:

License plate support light, Reflector, 157x157 mm support, 146x69.5 mm support, Indicator light supports.

The License plate light can be replaced with Rizoma Rear Light (code EE130B), which can be purchased

separately, and integrates license plate light and rear light.

The Universal License Plate Support complies with cases where a specific item dedicated to your motorcycle model has not been developed. We suggest to always check the dimensions and the technical drawing before purchasing. Provided with ABE certification.

#### License plate support "FOX"

## DESIGN REGISTRATION ABE

| Model | Year |        |
|-------|------|--------|
| All   | 14 - | PT709B |

Attention: do not use in off road.

Our kit includes: license plate support, license plate support light, Rizoma marker light supports, undertail cover ZBW048, reflector kit, USA size plate holder.

Attention: to install the PT706 / PT707 / PT709 Rizoma Kit, please remove the OEM undertail cover, rear light and indicators. In accordance with the highway code, Rizoma recommends use of the CLUBS / LEGGERAS/IRIDES/CORSAS marker lights (on the license support plate or mounting them on the Rizoma undertail cover ZBW048), which integrate functions of the stop light, rear light and homologated

#### License plate support "FOX" whit tail light

| Model | Year |        |
|-------|------|--------|
| All   | 14 - | PT711B |

Caution: do not use off-road.

Kit includes rear light, OEM/Rizoma indicator supports, undertail cover ZBW048, reflector and US license plate support. Caution: installing the Rizoma Kit PT711 requires removal of the OEM undertail and, therefore, the OEM rear light and indicators too. However, to comply with the Highway Code, Rizoma supplies the license plate support complete with homologated rear light. Also included in the kit are adapters for repositioning OEM indicators and adapters for mounting any new Rizoma indicators.

Two options:

- 1. Rizoma standard indicators fit on the license plate support or on the undertail cover ZBW048 (EE078H wiring kit is required).
- 2. OEM Indicators can be mounted only on the license plate support.

#### Undertail cover

| Model | Year |         |
|-------|------|---------|
| All   | 14 - | ZBW048B |

# EU VERSION INCLUDED

#### Rear fender for license plate support "SIDE ARM"

| Model | Year | •       |
|-------|------|---------|
| All   | 14 - | ZDM098K |

#### License plate support "OUTSIDE"

| Model | Year |        |
|-------|------|--------|
| All   | 14 - | PT707B |

Attention: do not use in off road.

Our kit includes: license plate support, license plate support light, Rizoma marker light supports, undertail cover ZBW048, reflector kit, USA size plate holder.

Attention: to install the PT706 / PT707 / PT709 Rizoma Kit, please remove the OEM undertail cover, rear light and indicators. In accordance with the highway code, Rizoma recommends use of the CLUB S / LEGGERA S / IRIDE S / CORSA S marker lights (on the Rizoma undertail cover ZBW048 only), which integrate functions of the stop light, rear light and homologated marker lights. The PT707 is not homologated for on road use where homologation is required.

# License plate support "SIDE ARM" DESIGN REGISTRATION Model Year All 14 - PT706B

Attention: do not use in off road.

Our kit includes: license plate support, license plate support light, Rizoma marker light supports, undertail cover ZBW048, reflector kit, USA size plate holder.

Attention: to install the PT706 / PT707 / PT709 Rizoma Kit, please remove the OEM undertail cover, rear light and indicators. In accordance with the highway code, Rizoma recommends use of the CLUB S / LEGGERA S / IRIDE S / CORSA S marker lights (on the license support plate or mounting them on the Rizoma undertail cover ZBW048), which integrate functions of the stop light, rear light and homologated marker lights.

#### Rear fender for license plate support "SIDE ARM"

| Model | Year |         |         |
|-------|------|---------|---------|
| All   | 14 - | ZBW053A | ZBW053B |

#### Headlight guard

| Model               | Year |          |                      |  |
|---------------------|------|----------|----------------------|--|
| R 1200 GS           | 13 - | ZBW064A  | ZBW064B              |  |
| R 1200 GS ADVENTURE | 15 - | ZBW064A  | ZBW064B              |  |
| R 1200 GS RALLYE    | 17 - | ZBW064A¹ | ZBW064B <sup>1</sup> |  |
| R 1250 GS HP        | 19 - | ZBW064A  | ZBW064B              |  |

Highly practical, thanks to the fast and easy installation system and the protective pouch included in the kit. Attention, the Headlight Guard ZBW064 has been developed for off-road use.

<sup>1</sup> Not compatible on RALLYE model with Adventure chassis setting.

| Riser Kit           | ΤÜ\  |        |  |

| R 1250 GS           | 19 - | AZ451T |  |

The Rizoma Riser Kit for BMW R1200 GS  $\,/\,$  R 1250 GS is made from the aluminium billet and characterized by a particular titanium color. The product has been created to raise up (+45 mm) and drawn back (+25 mm) the handlebar, allowing the rider to maintain a more natural posture, increasing driving comfort and pleasure. Attention: For a correct installation we suggest the repositioning of the brake cable and of the alectric cables at the inside of the steering wheel, or to replace the brake cable with a longer one.

With single seat configuration, Rizoma/OEM maker lights supports (rear) and reflector ZDM141B is required.

#### Headlight fairing (Aluminium)

DESIGN REGISTRATION ABE TÜV

| Model | Year | Type      |                     |                     |  |
|-------|------|-----------|---------------------|---------------------|--|
| All   | 15 - | Aluminium | CF010A <sup>1</sup> | CF010B <sup>1</sup> |  |
| All   | 15 - | Aluminium | CF011A <sup>2</sup> | CF011B <sup>2</sup> |  |

<sup>1</sup>To mount the Rizoma Headlight Fairing CF010, the ZDM131B adapter is required. CF010 is compatible only with Rizoma tapered handlebar MA006 / MA009 in combination with AZ203 Riser kit or MA051 clip on bar kit coupled to the ZDM128B Speedometer bracket.

<sup>2</sup> To mount the Rizoma Headlight Fairing CF011, the ZDM130B adapter is required. CF011 is compatible only with Rizoma tapered handlebar MA006 / MA009 in combination with AZ203 Riser kit or MA051 clip on bar kit coupled to the ZDM128 Speedometer bracket.

#### Riser with Speedometer bracket

| Model            | Year |        |        |  |
|------------------|------|--------|--------|--|
| SCRAMBLER 800    | 15 - | AZ203A | AZ203B |  |
| SCRAMBLER SIXTY2 | 16 - | AZ203A | AZ203B |  |

The Rizoma Riser Kit allows replacement of the OEM handlebar with a 1-1/8 inch diameter tapered handlebar, positioning the instrumentation centrally.

#### Speedometer bracket

| Model         | Year |         |         |  |
|---------------|------|---------|---------|--|
| SCRAMBLER 800 | 15 - | ZDM128A | ZDM128B |  |

ZDM128 is compatible only in combination with the MA051 Rizoma Clip-On Bar Set and not with the OEM ones.

#### Front brake fluid reservoir cap

| Model | Year |        |        |
|-------|------|--------|--------|
| All   | 15 - | TP040A | TP040B |

#### Clip-on bar set

| Model         | Year |        |  |
|---------------|------|--------|--|
| SCRAMBLER 800 | 15 - | MA051B |  |

Used with the MA051 Clip-On Bar Kit, the Rizoma Speedometer bracket allows the relocation the OEM instrumentation in a central position in relation to the triple clamps.

| Model         | Year |         |         |  |
|---------------|------|---------|---------|--|
| SCRAMBLER 800 | 15 - | ZDM127A | ZDM127B |  |

#### Fork tube guards

| SCRAMBLER 800 15 - ZDM134A ZDM134B | Model         | Year |         |         |  |
|------------------------------------|---------------|------|---------|---------|--|
|                                    | SCRAMBLER 800 | 15 - | ZDM134A | ZDM134B |  |

#### Cooler covers (right/left)

| Model         | Year    |         |         |  |
|---------------|---------|---------|---------|--|
| SCRAMBLER 800 | 15 - 16 | ZDM125A | ZDM125B |  |

#### Front fender

| Model         | Year |         |         |  |
|---------------|------|---------|---------|--|
| SCRAMBLER 800 | 15 - | ZDM129A | ZDM129B |  |

#### Rear fender

| Model            | Year |         |         |
|------------------|------|---------|---------|
| SCRAMBLER 800    | 15 - | ZDM132A | ZDM132B |
| SCRAMBLER SIXTY2 | 16 - | ZDM132A | ZDM132B |

The rear fender mounting involves the removal of the OEM tail light and indicators. We recommend FR155 Club S multifunction marker lights for the rear lighting. Not compatible with Ducati® Scrambler "Classic".

#### Sprocket cover

| Model            | Year |         |         |  |
|------------------|------|---------|---------|--|
| SCRAMBLER 800    | 15 - | ZDM133A | ZDM133B |  |
| SCRAMBLER SIXTY2 | 16 - | ZDM133A | ZDM133B |  |

#### Chain guard

| Model         | Year |         |         |  |
|---------------|------|---------|---------|--|
| SCRAMBLER 800 | 15 - | ZDM124A | ZDM124B |  |

#### License plate support "OUTSIDE"

| Model         | Year |        |
|---------------|------|--------|
| SCRAMBLER 800 | 15 - | PT527B |

Our kit includes: license plate support, license plate light, reflector kit.

#### License plate support "FOX"

| Model            | Year |        |  |
|------------------|------|--------|--|
| SCRAMBLER 800    | 15 - | PT526B |  |
| SCRAMBLER SIXTY2 | 16 - | PT526B |  |

The "FOX" Rizoma License Plate Support PT526B, allows the positioning of the license plate on the rear fender. Fits on Icon, Urban and Full Throttle Scrambler models. Included Items: license plate support, license plate support light, reflector kit. Horizontal adjustment.

## DUCATI® MONSTER 1200 | 821

| Riser kit |      |        | TÜV |
|-----------|------|--------|-----|
| Model     | Year |        |     |
| All       | 14 - | AZ202B |     |

Riser Kit AZ202B fits on OEM handlebar and Rizoma handlebar MA011 and MA015. Attention: after installation of the MA011 / MA015 Rizoma handlebars, please, adjust the steering angle to avoid a possible contact of the handlebar on the reservoir.

The Rizoma® Support Plates are tested in accordance with the current European Regulations.

Products which have a "E-Homologation" included.

## GENERAL CONDITIONS OF SALE

Please take note of the stated information and conditions, which are understood as fully accepted by the purchaser upon the placement and acceptance of the order.

#### 1. CONTRACT

1.1 These general conditions of sale govern all present and future contracts between RIZOMA SrI and its customers for the supply of the products listed in the catalogues, price lists, on the website and on all forms and systems for direct and indirect sales.

1.2 The Contract is considered concluded upon customer receipt of the order confirmation.

### 2. ORDER ENTRY

2.1 Where items are marked with "Product available while stocks last" on the sales list, it is possible that, during the year, these stocks may become depleted without it being possible to promptly update the online and offline tools. In this case, the customer will be informed immediately upon receipt of the order.

2.2 Articles marked as "New Product" on the sales list are products entered in the catalogue for the first time and may be subject to set-up and warehousing times which could delay the delivery of the first production batch.

2.3 Items removed from the list are considered to be discontinued and will no longer be delivered.

2.4 Minimum order quantities are governed by the commercial terms of the current year.

2.5 Orders will be processed in accordance with stock availability at the time of the order confirmation.

2.6 Orders received by RIZOMA Srl may not be changed after the date of receipt.

2.7 Transport costs and customer returns are governed by current commercial terms. Otherwise, they shall be considered EXWORKS LOADED

2.8 Pro forma invoices issued by RIZOMA Srl offices are valid within and no later than 15 days from dispatch to the customer. After this period, they will lapse, and engaged stocks will be released.

#### 3. PRICES AND DISCOUNTS

3.1 Discounts on list prices are governed by the commercial terms of the current year.

3.2 Prices shown in price lists and made known to the customer in any form are understood to be in euro and include VAT, which will be calculated under the provisions of the law and on the basis of the VAT rules indicated in the order. In the absence of precise information, the general rules will be applied with VAT set at 22%, subject to changes in the law. If the VAT rate is changed, the final price will be automatically adjusted without changing the taxable amount.

# 4. GOODS SUPPLIED UNDER APPROVAL

4.1 Goods supplied under approval remain the exclusive property of RIZOMA Srl and must be returned before 31 December of the current year. Otherwise, a regular invoice will be issued in accordance with the conditions of sale before the end of the current year.

#### 5. COMPLAINTS, RETURNS AND CREDIT NOTES

5.1 This Contract is governed by ICC Incoterms 2010 rules.

5.2 Receipt of goods: please check the condition of the packaging upon receipt of the goods. If the packaging appears to be damaged, it is necessary to accept the package with 'reserve' and retain the package in order to lodge a complaint with the courier. Otherwise, the company reserves the right not to accept the return.

5.3 Inspection of the goods: a careful inspection of the goods (quality, required, conformity with requirements, defects) must be made at the time of delivery. Any complaints or returns must be sent in writing within 15 days from shipment of the goods from the RIZOMA SrI warehouses.

5.4 Hidden defects must be reported in writing as soon as they are detected in order to allow RIZOMA SrI to make a detailed evaluation of the alleged defects.

5.5 Returns: any returns must be agreed and authorised in writing. Returns received without authorisation shall be re-sent freight collect.

5.6 Requests for returns made for reasons attributable to us, with or without replacement, will be considered only in exceptional cases.

5.7 If we have authorised the return, the goods must be returned in perfect condition and in the original packaging—never having been used or installed on the customer's vehicle—transport carriage free. Any customs duties shall be borne by the customer. Customers will be credited only after the returned goods have been inspected and found to be in perfect condition.

5.8 Any credit due for Returns or other exceptional circumstances agreed on in writing in advance by the company shall be transferred through appropriate credit notes, which will be valid up to and no later than 31 December of the current year.

# 6. CHANGE OF CUSTOMER PREMISES

6 If the customer changes its store address, it must ask RIZOMA Srl for authorisation to continue to offer RIZOMA products in the new store; RIZOMA Srl shall duly evaluate the feasibility of coexistence with other distribution activity in the area.

# 7. GENERAL TERMS AND CONDITIONS OF PAYMENT

7.1 Please refer to the individual commercial terms applied to individual customers.

7.2 Failure to pay in accordance with the agreed commercial terms authorises RIZOMA Srl to suspend the shipment of any current orders, even if already confirmed. Orders shall be dispatched only when full payment has been made.

#### 8. RESTRICTIONS

8 Any use of industrial or intellectual property rights owned by RIZOMA Srl must comply with its company guidelines, approved automatically with the opening of the RIZOMA dealer account.

**9. SALE OF PRODUCTS ONLINE** 9 Any customer authorised in writing by RIZOMA Srl to sell its products online must ensure that:

9.1 Any websites or social networks used by the customer, as well as the images and texts or other products contained therein, must not cause harm to RIZOMA Srl or to its image or reputation.

9.2 The use of authorised images owned by RIZOMA Srl and which reproduce, contextualise or in any way refer to the RIZOMA Srl company must be expressly authorised in writing and carried out in accordance with company guidelines.

9.3 The images owned by RIZOMA SrI are used as a supplement to marketing and customer communications materials and not for creating a library of product images for use on websites or social networks; therefore, authorisation shall be given in a specific written agreement.

9.4 A link or hyperlink to the RIZOMA Srl website and social networks must be present and clearly visible.

9.5 The prices at which it offers items cannot be understood as discounted or reduced prices.

9.6 In any case, the customer must inform RIZOMA Srl in writing and must provide a sufficient period of time for approval of how RIZOMA appears in online channels (with regard to text, images, links, logos, etc.) whether for a new site and/or changes and/or additions to existing sites.

9.7 We reserve the right to refuse customer orders for items that do not meet these guidelines and those relating to online tools.

**10. WARRANTY** 10 Please refer to the warranty guidelines set out on the RIZOMA Srl website.

10.1 In the case of shipments made for Warranty purposes, any transport costs sustained by the customer of RIZOMA Srl shall be borne by RIZOMA Srl. Any customs duties shall be borne by the customer of RIZOMA Srl. For any shipment made on behalf of a customer of RIZOMA Srl to the end customer, the customs and transport costs will be fully borne by the customer of RIZOMA Srl.

- 11. PRIVACY

  11 Pursuant to Italian Legislative Decree 51/2018 on the protection of personal data as amended and integrated, personal data will be processed, for fulfilment of the obligations deriving from existing contracts, through computer media in order to ensure the confidentiality and security of said contracts.
- **12. JURISDICTION AND**12 The Court of Busto Arsizio shall have exclusive jurisdiction over any disputes arising from the supply contract. **COMPETENT COURT**

#### **CERTIFICATION & HOMOLOGATION**

The certification and homologation granted to many our accessories constitute an essential phase of the production process: a certificate of conformity is a statement that assures the high level functionality and performance of a product. An additional aesthetic type of approval certifies the unique and original design of our products and distinguishes even more our brand-name.

#### **CERTIFICATION & HOMOLOGATION**

The certification and homologation granted to many our accessories constitute an essential phase of the production process: a certificate of conformity is a statement that assures the high level functionality and performance of a product. An additional aesthetic type of approval certifies the unique and original design of our products and distinguishes even more our brand-name.

#### **LEGAL NOTES**

The trademarks APRILIA®, BUELL®, BMW®, DUCATI®, HARLEY-DAVIDSON®, HONDA®, HUSQVARNA®, KAWASAKI®, KTM®, MOTO MORINI®, MV AGUSTA®, SUZUKI®, TRIUMPH®, YAMAHA®, TEKTRO®, SAN MARCO®, MICHELIN®, SHIMANO®, GATES CARBON DRIVE® belongs to its proprietor.

Rizoma® and APRILIA®, BUELL®, BMW®, DUCATI®, HARLEY-DAVIDSON®, HONDA®, HUSQVARNA®, KAWASAKI®, KTM®, MOTO MORINI®, MV AGUSTA®, SUZUKI®, TRIUMPH®, YAMAHA®, TEKTRO®, SAN MARCO®, MICHELIN®, SHIMANO®, GATES CARBON DRIVE® are distinguished entities between which there is not any kind of connection.

The products we produce are guaranteed for quality, strength and durability. Notwithstanding that, not all of our products are approved for a road traffic use in those Countries where, instead, it is required the approval and, therefore, Rizoma® cannot be deemed liable for the damages suffered by the user as a result of a use that does not comply with the safety regulations of the Countries in which the products are sold.

Rizoma® S.r.l. declines to accept any liability that derives from a non-compliant use of its products. Rizoma® S.r.l. exhort the dealers to inform the buyers of such disclaimer. Rizoma and its collaborators cannot be deemed liable under any circumstances for any negligence or direct, indirect, incidental or consequent damage connected to the use of the products of this catalogue, also included, without any limitation, damages as loss of profits or turnover, business or professional interruption etc. This clause is not intended to avoid the requirements prescribed by law, nor exclude the liability for those cases in which it cannot be excluded pursuant to the applicable regulations.

The contents of the catalogue, by way of examples and not exhaustive, works, images, photographs, dialogs, texts and any kind of any material in any format, included, by way of examples and not exhaustive, the graphic, the colors, the schemes, the tools, the characters, the design, the diagrams, the layouts, the methods, the processes, (individually and / or collectively, defined as "Content") and the related distinctive feature and / or logos are the exclusive property of Rizoma, except what is identified as belonging to third parties / producers, or anyhow in its exclusive availability, and in any case cannot be in any manner and/or form used without the prior written consent of Rizoma. Unless otherwise expressly specified on the catalogue, the Content can be viewed without the right and / or possibility of temporary or permanent reproduction, distribution, redistribution, disclosure or other use, in any form or manner that does not respect Rizoma's copyrights with regard to industrial and intellectual property.

Any reproduction, duplication, distribution of the contents of this catalogue and any other use not expressly authorized is a criminal and civil offense, punishable by law.

All products with trademarks, names or acronyms of identification of motorcycles are intended exclusively as a reference for the use of our accessories. Rizoma® S.r.I. reserves the right to modify and/or improve the products without prior notice.

Warning: Rizoma® products are developed and tested on motorcycles. Therefore, the company cannot be deemed liable in case of problems related to the installation of our products on not OEM parts. The user acknowledges and agrees: (i) that Rizoma® has the right to change the terms and conditions of this legal notes at any time by communicating the occurred changes to users through a general notice published on the Website or through a link to that notice and (ii) that from the notice of any change, the changed legal notes will be the new terms and conditions that will regulate the use of the material in the catalogue (these legal notes, even with further amendments, are defined "Legal Notes".)
